• Why Multi-Stakeholders engagement
• The Approaches we have taken
Kyauk Phyu SEZ

- Environmental Friendly
- Sustainable Development
- Social Benefit & local Participation
Why multi-stakeholder engagement?

• KP SEZ is a national project with potential impacts on many people

• Stakeholders are those who have the power to impact an organization or project in some way

• To ensure success in addressing our social, economic and environmental challenges through approaches that are good not only for the environmental but also for equity and human development

• To ensure constructive and positive synergies
Multi-Stakeholders of Kyauk Phyu SEZ

• Winning strategies for the human development, the equity and environment!
